

Who Are We?

The Tri-Lakes Home Builders Association is a professional trade association involved in the building and remodeling industry.

Our members consist of individuals and companies that are involved with the building industry.

Builder Members must be licensed with the State of Michigan and submit proof of Worker's Comp (where applicable) and Liability Insurance.

Associate Members are suppliers, subcontractors, financial, etc., and must also be licensed with the State of Michigan if required.

All must subscribe to our code of ethics which include responsibility, honesty, high standards and fairness.

The Michigan Association of Home Builders (MAHB), is the voice of the building industry. Our focus is to develop and maintain professional relationships with state-elected officials and executive department staff, educate our members and the public, promote professionalism within the industry, and provide member services and group benefit plans.
